CONNECTED TRANSACTION ACQUISITION OF REMAINING INTERESTS IN THE JINGKE COMPANIES

The Board wishes to announce that on 17 January 2014, the Purchaser, a wholly owned subsidiary of the Company, entered into the Acquisition Agreement with the Vendor, pursuant to which the Vendor agreed to sell and the Purchaser agreed to purchase the remaining interests in the Jingke Companies at the Consideration of RMB13,313,000 (equivalent to approximately US\$2,130,000).

Immediately upon the Completion, the Jingke Companies will become indirect wholly owned subsidiaries of the Company.

As the Vendor is a deemed substantial shareholder of Jingke Scientific, while Jingke Trading is a subsidiary of the Vendor and therefore each of the Vendor and Jingke Trading is considered as a connected person of the Group at the subsidiary level under Rule 14A.11 of the Listing Rules. Accordingly, the entering into of the Acquisition Agreement by the Purchaser constitutes a connected transaction of the Company.

As each of the transactions under the Acquisition Agreement was entered into by the Group with the same party, such transactions are aggregated and treated as if they were one transaction for the purpose of deriving the applicable percentage ratios pursuant to Rules 14A.25 and 14A.26 of the Listing Rules. Given that all the applicable percentage ratios of the Listing Rules exceed 0.1% but are less than 5%, the Acquisition is subject to the reporting and announcement requirements, but is exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

REASONS FOR THE ACQUISITION

The Company entered into the Acquisition Agreement in order to acquire the remaining equity interests in the Jingke Companies as it is optimistic about the business prospect of the manufacturing and trading of analytical and laboratory instruments. The Acquisition enables the Company to convert the Jingke Companies into its wholly owned subsidiaries, thus enabling the Company to execute its strategy in a more efficient and effective manner.

The Directors (including the independent non-executive Directors) consider that the terms in the Acquisition Agreement which had been negotiated on an arm's length basis are based on normal commercial terms, and the terms thereof are fair and reasonable and are in the best interests of the Group and the Shareholders as a whole.

IMPLICATIONS UNDER THE LISTING RULES

As the Vendor is a deemed substantial shareholder (as defined in the Listing Rules) of Jingke Scientific, while Jingke Trading is a subsidiary of the Vendor and therefore each of the Vendor and Jingke Trading is considered as a connected person (as defined in the Listing Rules) of the Group at the subsidiary level under Rule 14A.11 of the Listing Rules. Accordingly, the entering into of the Acquisition Agreement by the Purchaser constitutes a connected transaction of the Company.

As each of the transactions under the Acquisition Agreement was entered into by the Group with the same party, such transactions are aggregated and treated as if they were one transaction for the purpose of deriving the applicable percentage ratios pursuant to Rules 14A.25 and 14A.26 of the Listing Rules. Given that all the applicable percentage ratios of the Listing Rules exceed 0.1% but are less than 5%, the Acquisition is subject

to the reporting and announcement requirements, but is exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

None of the Directors has a material interest in the Acquisition and hence none of the Directors has abstained from voting on the board resolutions approving the Acquisition.
