MEDIA RELEASE

Techcomp Secures Best-Selling VirTis Line of Freeze Dryer Equipment Distributorship in PRC & Hong Kong

- **SP Industries** VirTis line of freeze dryer equipment is used widely for the pharmaceutical, biotechnology and research markets

Singapore – 26 March 2007 – SGX Main board-listed **Techcomp Holdings Ltd** (“Techcomp”, “天美控股” or the “Group”), China’s leading distributor and manufacturer for highly advanced scientific and medical equipment, has announced another new distributorship with SP Industries to distribute **VirTis** line of freeze dryer equipment in PRC and Hong Kong..

VirTis laboratory and production equipment is designed for the biotechnology, biochemical, agricultural research, pharmaceutical and life science industries. The company is considered a world leader in freeze-drying technology, pioneering and perfecting the technology needed for research and commercial freeze-drying. VirTis products continue to advance the application of lyophilization when the need to separate, concentrate, dry and process materials is demanded.

Techcomp will market and distributor this range of products in PRC and Hong Kong. Mr. Richard Lo, President and CEO of Techcomp commented, “ This is the sixth distributorship agreements that we have secured recently. This shows the strength of Techcomp’s distribution network in PRC, having established our

presence in cities like Beijing, Chengdu, Chongqing, Fuzhou, Guangzhou, Jinan, Shanghai, Shenyang, Tianjin, Wuhan and Xi'an. “

“Increasing our product offerings allows **Techcomp** to be a comprehensive services provider to our customers. In the long-term, we hope to establish our position as a turnkey procurement specialist to our customers.” Mr Lo added.

This agreement is not expected to have a material impact in the current financial year.
